

PRS Management establishes its Policy with the mission of being a reference in providing a service that responds to the interests of all parties involved and that takes into account the context of the organization:

- ✓ Achieving the highest level of satisfaction of our clients, meeting their explicit, implicit, legal and regulatory needs and expectations,
- ✓ Providing them with the necessary level of quality in the repair and maintenance of any element manufactured with Polyethylene or Polypropylene, based on welding with material contribution, guaranteeing the reuse of the repaired elements as if they were new, ensuring a long-term future.

In order to achieve this, the following general objectives are set:

- To implement improvement systems in all our activities and services through the application of the established principles, thus building stable and lasting relationships with customers and suppliers.
- To plan, control and improve processes in order to offer maximum profitability to customers, always in accordance with the applicable standards and customer specifications.
- Establish a system of continuous improvement of our services and the Food Safety Management System.
- Create the necessary mechanisms to plan, implement, periodically review and communicate the Objectives to optimize the operation of **PRS**.
- Establish effective training and internal communication systems for the improvement of quality and the environment, which facilitate access to the information of the system implemented in our company to the interested parties.
- To achieve a better environment for all, acting on the environmental impacts that we consider significant and complying with laws and other environmental requirements.
- To commit ourselves to prevent pollution and promote reuse and recycling, participating in projects based on the Circular Economy.
- Comply with current legislation, in addition to other requirements that we may voluntarily subscribe to with our customers.
- Committing to comply with food safety requirements, legal requirements and those voluntarily agreed with our customers.

PRS Management is committed to disseminate and ensure the understanding of this Policy at all levels of the organization, reviewing at planned intervals, its continuous adequacy.
